

2019/20 Membership Information Pack

As a member of FST you will be part of a network of over 200 professional performing arts organisations and individuals throughout Scotland including main house producers, presenting venues, touring companies, companies working in schools and communities, companies producing and presenting work for children, dance companies, local authority venues and educational establishments.

FST facilitates a wide range of networking and information sharing events, including four members' meetings a year, so that members are well informed and supported to develop artistic and management best practice. This work is supported by an extensive programme of training, developmental events, and mentoring and bursary programmes across a range of management, technical and artistic disciplines.

In addition, we support our members by undertaking strategic lobbying and advocacy on behalf of the sector to raise the profile of Scottish dance, opera and theatre, to encourage appropriate investment and to highlight and resolve issues pertaining to the capacity and development of the dance, opera and theatre sector and its infrastructure. Recent activity in this area includes ongoing dialogue with Creative Scotland about its relationship with the sector and liaison with the Scottish Government and other agencies around a range of opportunities and issues within the sector.

Read on for a full list of membership services and details of the membership options we offer. If you have any queries or would like to know more, please contact us on hello@scottishtheatre.org.

We look forward to welcoming you into our network.

Best wishes
The FST team
